Sarosh,

I have conversed with my supervisor, and we are fine with receiving PDF files for the permits moving forward. Myself and Eric Swaisgood, who is copied to this email, will be the parties that the permits should be sent to. If you have any questions/comments please let me know!

Thanks,

Subject: Agreement to scan and send the final Permits

Good Morning Jon,

I wanted to know if it is ok with the company if we scan and send the PDF of the Final permits instead of mailing the hard copy.

Please let us know soon, so we can proceed accordingly with the Speedway Permits.

Going forward the Division would like to adapt this method for all construction and operating permits.

Thank You!
